Dragon soul raid guide wow classic quest guide horde

After defeating Ultraxion, your raid will board the gunship "The Skyfire", in an attempt to assault Deathwing in the air. Your first task will be to defend Wyrmmrest Temple against the assault of Ultraxion, the 5th boss encounter of the instance. It is here that the remaining aspects – Alexstrasza, Ysera, Nozdormu, Kalecgos, and Thrall – have gathered to empower the Dragon Soul – Azeroth's last chance to stop the great behemoth. As the Aspects want to empower the Dragon Soul Deathwing realizes what's happening and sends dozens of twilight drakes to stop them. In addition, the Dragon Soul raid can bring you the following mounts: Finally, in addition to all this loot, many parts of the legendary quest chain for the Fangs of the Father take place here as well. The bosses have a chance to drop: epic raw gems; Chaos Orb (only in LFR, not all bosses); Essence of Destruction (does not drop in LFR difficulty), which is needed to craft the item level 397 gear introduced with Patch 4.3; item level 384 in LFR difficulty (390 for the encounters with Deathwing); item level 397 in Normal 10-man and 25-man difficulties (403 for the encounters with Deathwing); item level 410 in Heroic 10-man and 25-man difficulties (416 for the encounters with Deathwing). This is gear check type of encounter with very straightforward mechanics and a strict DPS requirement. Dragon Soul contains eight bosses, in multiple locations, culminating in the battle with Deathwing. Along with an army of mortal races and dragons led by Lord Devrestrasz you battle your way through the army and stop an earth elemental at the base of Wyrmmrest Temple. Access to the Eye of Eternity is made easy by means of a portal found at Wyrmmrest Temple. This article is about the Cataclysm raid instance. References External links Guides Players have to fight his claws, wings, tail alone and the tentacles. Once Hagara is dead, the second part of the raid, a veritable assault on Deathwing, is set to begin. The Dragon Soul is a raid instance, introduced in World of Warcraft Patch 4.3. The encounters can be performed in 10-man difficulty, 25-man difficulty and LFR difficulty (25 player, with less damage and health for the bosses). Ultraxion Warmaster Blackhorn Spine of Deathwing Madness of Deathwing Storyline Deathwing heading toward the Maelstrom. Encounters The Siege of Wyrmmrest Temple Deathwing seeks to destroy Wyrmmrest Temple and end the lives of the Dragon Aspects and Thrall. This boss is meant to serve as an entry to the raid, and we feel that the fight is not very challenging. Heroic Restrictions It is not possible to start heroic-mode Spine of Deathwing or Madness of Deathwing if any of the members of the raid have defeated any of the previous bosses in normal mode during that lockout. Now they have rallied at Wyrmmrest Temple in a desperate attempt to use the might of the Dragon Soul against Deathwing himself. Through the Caverns of Time, Thrall and the remaining dragonflights were able to recover the powerful artifact before its destruction. As they celebrate the defeat of Deathwing, Nozdormu warns them to be quick, as Deathwing re-emerges shortly afterwards. Characters will progress through Dragonblight, where Deathwing's forces are besieging the Wyrmmrest Temple; the Eye of Eternity, the former sanctum of Malygos; and the trek through the ocean into the Maelstrom. The difficulty of many boss fights is reduced The loot table for many bosses is shared No Raid lockout applies; every character may loot each boss once per week Power of the Aspects Main article: Power of the Aspects Effective beginning the completion of server maintenance for the week of January 31st, 2012, the debuff "[Power of the Aspects]" is applied to all enemies in Dragon Soul, which reduces their health and damage dealt. The final stage of the raid begins when Deathwing's deformed body rises out of the Maelstrom to face off against the players in the final showdown with many phases. Assuming your raid overcomes even this challenge and manages to remove Deathwing's armor plating, you will have the opportunity to finally kill him, in the last encounter of the raid, Madness of Deathwing, which takes place at the Maelstrom. Morchok Warlord Zon'ozz Yor'sahj the Unsleeping Hagara the Stormbinder Fall of Deathwing Deathwing must be destroyed, or all is lost. However, before you can do so, you will have to defend the gunship against Deathwing's final lieutenant, Warmaster Blackhorn, in an encounter where you will have to deal with many different types of adds, among other abilities. This boss is located in the Eye of Eternity (in Coldarra, in the Borean Tundra), the place where you previous (in Wrath of the Lich King) defeated Malygos the Spellweaver, the leader of the Blue Dragonflight, at the time. Thrall and the Dragon Soul are now nearby Wyrmmrest Temple and raiders begin by attempting to relieve the beleaguered Aspects under siege by the Twilight's Hammer, the Twilight dragonflight and the Black dragonflight. After recovering a version of the artifact from the Caverns of Time, Thrall and the allied dragonflights now rally at Wyrmmrest Temple in a desperate bid to use its might to defeat Deathwing. Once they're dead the temple is all but reclaimed and the Aspects decide now its the time to strike. For more information about this quest line, please refer to our Fangs of the Father guide. Players must thwart the attacking forces long enough for Thrall to charge the Dragon Soul.[5] Dungeon Journal Forged by Deathwing during the War of the Ancients, the Dragon Soul harnessed the combined power of the dragonflights until it was ultimately destroyed. Hotfix (2011-12-02): All bosses in Dragon Soul are now awarding both guild XP and reputation when defeated, in normal and Heroic raid difficulties. The first six bosses of Dragon Soul were killed over several weeks.[3] while the battles against Deathwing lasted "a few terrible hours".[4] Description from site Forged by Deathwing during the War of the Ancients, the Dragon Soul harnessed the power of the other dragonflights, until it was ultimately destroyed. From here, you have a choice between two bosses: Warlord Zon'ozz and Yor'sahj the Unsleeping. The raid instance houses 8 boss encounters (although the final two are both against Deathwing, so there are technically only 7 bosses). With the loss of Nozdormu's powers, the Dragon Soul was returned back in time to the point where it was taken. When entered at the Raid Finder difficulty level, the following changes apply:[6] Only 25-man mode is supported The raid is split into two parts of four bosses each, with a 250 [Valor Points] rewarded for defeating the final boss of each part. The entrance to the Dragon Soul is located in the Caverns of Time instance hub. The first phase is moving around the isles around the Maelstrom. With their focus on the Dragon Soul, Deathwing sends his ultimate minion Ultraxion to finish them off - the ultimate Twilight dragon experiment who is meant to cause the Hour of Twilight by slaying the Dragon Aspects at this juncture. As they begin to charge the Dragon Soul with energy, Deathwing and his entire army assault Wyrmmrest Temple. Realizing that the battle is lost, Deathwing destroys a Horde Gunship and flies off to the Maelstrom so that he can escape into the relative safety of Deepholm. After his defeat the Dragon Soul is fully charged and Thrall unleashes it at Deathwing, blowing one of the elementum plates off his back. The spell can be disabled by talking to Lord Devrestrasz at the beginning of Dragon Soul if a raid wishes to attempt the encounters without the aid of the Dragon Aspects. On the way, Twilight's Hammer drake riders, led by the Twilight's Hammer Warmaster Blackhorn, harry them. Currently, we offer you the following strategy guides: Each of the bosses in the raid (except for the final three) is preceded by a number of trash packs, for which we have written a specific trash guide. Once both Zon'ozz and Yor'sahj have been defeated, you will be able to face the fourth boss encounter of the raid, the much more challenging Hagara the Stormbinder. It is the most difficult raid instance in Cataclysm, coming after the Firelands raid. The heroes manage to kill all of the drakes and Warmaster Blackhorn, then repair the engines and resume their chase. The Aspects, the heroes, and the surviving crew board The Skyfire and chase after Deathwing. Once Deathwing is weakened the Aspects channel all their remaining powers into the Dragon Soul and fire it at Deathwing, completely "unmaking" him but also making them mortals. This raid represents Tier 13, in terms of progression, and it is intended to be the final raiding tier of the Cataclysm expansion. Deathwing plummets into the Maelstrom and is presumed dead. The 10 and 25-man difficulties also have an unlockable heroic mode setting. For the content patch with this name, see patch 4.3.0. The Dragon Soul is the final raid instance of the Cataclysm expansion. [2] It was released with patch 4.3.0 on November 29, 2011. However upon meeting with them Thrall explains that using the full power of the Dragon Soul would likely kill him in the process, but Kalecgos believes they can use the Focusing Iris from the Eye of Eternity to stabilize it. Videos Patch changes Hotfix (2014-10-20): Resolved a number of issues where some spells and abilities dealt an excessive amount of damage. With Blackhorn disposed of, your raid can parachute down onto Deathwing's back, which constitutes the penultimate encounter of the raid: Spine of Deathwing. Geography Maps and subregions Dungeon denizens Bound earth elementals Bound water elementals Encounters Loot Main article: Dragon Soul loot Quests Achievements Notes Raid Finder Dragon Soul is the first raid instance to support the Raid Finder feature. Once Hagara is defeated the Focusing Iris is taken back to Wyrmmrest. To reach Zon'ozz you should use the drake located to the West, while Yor'sahj is accessed using the Eastern drake. Upon catching up to Deathwing they parachute onto his back and begin to rip off the armor plates and prying a hole big enough to give Thrall a clean shot with the Dragon Soul, this time burning a hole through his chest. Patch 6.0.2 (2014-10-14): Characters above level 86 can now solo-queue for Dragon Soul on Raid Finder difficulty by speaking with Auridormi outside of the entrance to Dragon Soul in Caverns of Time. Patch 4.3.0 (2011-11-29): Added. For the dragon artifact, see Demon Soul. For all loot added in Patch 4.3, we will put together a gear listing, just as we have for Patch 4.2. As you enter the instance, you are faced with a number of trash packs followed by the first boss encounter of the instance, Morchok. After defeating Morchok, you will reach Wyrmmrest Temple (and gain access to various vendors present there, including two who can repair your gear). The players and the Aspects land at the Maelstrom. Created by the titans as a sanctuary for all Dragonkind, the crumbling Wyrmmrest Temple is now the final hope for the forces allied against the black dragon Neltharion, once the Earth-Warder and protector of Azeroth, now Deathwing the Destroyer. Once the drakes are defeated the Aspects begin to empower the Dragon Soul with their own energies. In order to unlock unrestricted access to Heroic 10M and Heroic 25M modes, the [Destroyer's End] achievement must be completed first. Once inside Wyrmmrest Tyrygosa explains that Deathwing has summoned extremely powerful Faceless ones to assault the Temple as well, and Maws of the Old Gods are erupting from the nearby earth. All of the encounters (except for the final one) take place at or around Wyrmmrest Temple, in Dragonblight. The raid picks up right where the Hour of Twilight instance finishes. Morchok is pounding at the foundations of the spire trying to level it. The Twilight's Hammer knew about the weakness and sent several of their most powerful shamans under the leadership of Hagara the Stormbinder to ambush the heroes at the Eye. When the Skyfire catches up the drakes attack the Skyfire's engines and allow Deathwing to escape.
